

floppy disk containing the above named sequences, SEQ ID NOs:1-24, in computer readable form, and a paper copy of the sequence information which has been printed from the floppy disk.

The information contained in the computer readable disk was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy.

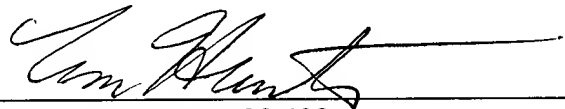

This amendment contains no new matter. Support for the changes in the specification are replete throughout the specification, in particular, in the sequence listing as filed.

In view of the foregoing, Applicant believes all claims now pending in this application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.

If a telephone conference would expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (415) 248-5500.

Dated: July 2, 1999.

Respectfully submitted,
